One Good Reason Why Tourists Come to Alberta

One of the reasons why northern Alberta attracts thousands of tourists each year is explained in such scenes as this of Maligne Lake in Jasper National Park. Not long ago it took a combined pack-horse

and boat trip to see the beauty of the lake, but last year a new road was completed linking it with the rest of the Jasper highway system. Speckled trout are the sole inhabitants of the waters.

VENICE BRIEFS

VENICE.—Mr. and Mrs. John Piquette and girls motored to Legal and Edmonton to visit relatives.

Mr. Joe Bonifacio went to Edmonton on a business trip.

Miss Ann Chamzuk from Donatville is visiting the Vincent Lakowich family.

Mr. and Mrs. Johnny Bonifacio of Edmonton are the visitors of Mr. and Mrs. Pio Bonifacio.

Mrs. O. M. Biollo is back home with a bouncing baby boy. Congratulations!

The Alberta Wheat Pool repair men have installed a new scale in the elevator recently.

Hearty thanks to all those who came to encourage the Venice annual picnic which was held Sunday, June 4. More details will be given about results next week.

The Alberta Wheat Pool agent went to Westlock Tuesday, June 13 to attend the Alberta Wheat Pool convention.

The sudden death of Mr. Andrew Wood cast a gloom over the community.

Mr. Wood was on duty as section foreman when he took ill. He was rushed to the hospital and died a few hours afterwards from a hemorrhage of the brain. He has been a steady worker for 26 years.

He leaves to mourn, his loving life; four sons, Warner of High Prairie, Elmer, Allan and Herb of Venice, and one daughter, Mrs. Marion Gingras of Venice.

The remains were sent to Calgary where he was buried in the family plot.

Deepest sympathies to the family.

The Holy school pupils of grade six and under matched the Venice pupils for a softball game Friday, June 16. Score was 12-6 in favor of Venice.

Mary Gracobi is now able to get around more easily since her cast has been removed.

Improvements have been made on the amusement grounds lately.

Laurette Piquette was in Edmonton for a week-end lately.

In Norway a man frequently takes the name of his wife if she happens to be the oldest child in her family.

LAC LA BICHE NEWS NOTES

Mr. Scheltens, accompanied by his mother, has motored to Vancouver to visit Mrs. McLaren and family.

New Business Opens In Lac la Biche

LAC LA BICHE.—Newest business firm to join the growing ranks of stores here is Michael Hamar's 'Five to \$1 Store,' featuring a complete line of popular ladies' and children's ready-to-wear.

The new business, located in a completely renovated and remodelled building across the street from the Lac la Biche hotel, is now open, but official opening day will not be held until some time in July.

Mr. Hamar has lived here for 24 years, and has two grown sons. Two sales girls will comprise his immediate staff. They are Mrs. Polly Shulko and Miss Rose Pruden.

RICH LAKE NEWS BRIEFS

RICH LAKE.—Rain sure is needed here.

Rich Lake must be getting famous for twin calves. Walter Makie has two cows which both have twin calves.

L. Kumpula is fixing his house and putting a foundation.

The flu seems to be going around. Almost everybody has had it or is sick with it now.

Mrs. Hedrick from Boscombe was a recent visitor at Mr. and Mrs. Ben Johnsons.

We hear wedding bells are ringing soon. Elvina and Peter, congratulations.

A large crowd attended the show at Rich Lake school on the 9th. On the 29th there will be a picture show at Rich Lake school again.

The Co-op annual picnic will be held on July 2 at the Co-op grounds. Ball games, races and jumping.

Jean and Joan Tikkanen celebrated their birthday on Sunday.

There is church service here every Sunday night at the school house. Mr. Penner and Mr. Withman are conducting the services.

Const. Wimpkin, of the RCMP, has been transferred to Vegreville.

Misses Patsy Bozak and Iola Schirmacher visited at the Bozak home at Mile 137 over the weekend.

Mr. and Mrs. Sunquist, from Edmonton were guests at the Gregory home over the weekend.

Mr. and Mrs. B. Verville and two children, Judy and Bardet from Edmonton were weekend visitors at the Verville home.

Mrs. L. Gregorie went to Cranbrook to attend her mother's funeral Wednesday.

On Tuesday, June 13 at 4:15 p.m., the mercury went to .90 above, the highest of any time on record at the weather station.

Mr. J. MacArthy from Edmonton is visiting at the Badry home.

Mr. Elwin Howlett from Beaverlodge is relieving the night operator at the NAR.

Mr. D. Christensen with his wife and three girls Idelia, Gale and Patricia have returned from their holidays at Lethbridge. Mr. Christensen returned with a new half-ton Mureury.

Miss Olga Chedoruk went to Styal to attend her sisters wedding and be bridesmaid.

Miss Ann Sorochan from Edmonton, visiting her parents, also visited her brother and wife at Quigby, and returning to work in the city.

The teachers in Dr. Swift's School teaching grades three to eight inclusive, namely Sr. Bath-Senetza, Sr. Columbane enjoyed Superintendent L. G. Halls recent annual visit.

Mr. Jake Hayduk and daughter Gail Ann motored to Edmonton, where Gail is taking her grade five piano examination.

Since he was following birds in flight, it is theorized that if Columbus had sailed to the New World in the spring instead of fall, he would have landed on the North American mainland instead of what are now the West Indies.

New Provincial Park Planned for Northeast

By HENRY THOMPSON

The Spedden Fish and Game Association have received final approval for their project of establishing a Parks area at Garner Lake. Inspection by department officials approved the waters of this lake among the best in the province for a public playground, resort and parks area. Garner Lake is about 100 miles northeast of Edmonton.

The gently sloping sandy beach, the purity of the water, free from weeds and other objectionable matter, makes this lake an ideal recreational meeting ground, where small children can play in the water at a considerable distance from shore without danger from deep water.

Suitable boats and other facilities for swimming and boating are being arranged. A sports ground where baseball matches can be held is under construction.

Fishing Grounds

Garner Lake has long been a favorite spot for the angler but commercial interests exploited the fish to the danger point. However, action was taken in recent years to protect the lake from this practise. Last year a quarter of a million pickerel from provincial hatcheries were placed in the lake. Perch and jacks are native to these waters.

Garner Lake is only three miles off the gravel at Spedden, straight north on the road allowance that passes through the west side of the village. A good dirt road was built last year. The citizens of the district subscribed five hundred dollars from their personal funds, in order to convince municipal officials and the government that they meant business. A government grant to the municipality was added to this amount and the road built with municipal machinery.

Official opening is expected to take place the first week in July.

LAC LA BICHE MISSION NEWS

George Cloutier came back home after spending a few months at Legal.

Sunday a few families coming from mass in procession stopped to pray and asked to have rain to save the crop.

Rev. Father Pelletier went to celebrate mass Sunday at Normendeau.

Mr. Isamas Boutier from Edmonton came to give a picture show.

Schaub Bros. came with their families to have a picnic Sunday at the Mission.

Joe Cloutier and his wife, Mrs. A. Routhier and her families

M'MURRAY NEWS TOPICS

Tea Held for Mrs. J. W. Ross

The McMurray WA held a tea at the rectory on Friday, June 16 in honor of Mrs. J. W. Ross who is leaving for Edmonton at the end of the month. Mrs. L. B. Brown presented Mrs. Ross with a cup and saucer on behalf of the members of the WA. Cpl. and Mrs. Ross have been stationed in McMurray for the past three years.

Treaty Day June 12

Annual Treaty was paid in McMurray to 74 Treaty Indians in the McMurray district, on June 12. Mr. E. A. Robertson, agent for Edmonton and Mr. J. Stewart of the Athabasca agency, were present for the occasion.

All Treaty Indians were X-rayed before receiving their treaty payment. The following day any one else desiring to have a free X-ray could do so. Over 400 people took advantage of this service.

The treaty party is working its way north now paying treaty and X-raying the Indians north of here.

Local Boy Takes Honors in East

Alec Houston returned from Niagara Falls recently where he has been attending school. His record for the year down there has brought some credit to our school here in McMurray, as well as to himself.

Out of a class of 27, Alex stood first with an average of 79.5 per cent which rates as an honor mark. Aside from academic work, he also took three first class awards in the following: crossed rifles for shooting, marksmanship badge, and crossed flags for signalling.

Miss Lorraine Powell left Wat-erways last week for Radway.

Mr. H. Stockl returned to Wat-erways from Goldfields, where he had been working for Mr. A. Mc-Ivor.

went at Ste. Lina last Saturday to visit Romona who is going to school.

Lions Club Holds Meeting, Lays Dominion Day Plans

LAC LA BICHE.—The Lions Club held their regular bi-monthly meeting and dinner at the Brite Spot cafe on June 13.

Each member present at the well-attended meeting received a stylish gold and purple hat. Lion Hugh McCaskell substituted for Lion John Moisey who was absent, as Tail Twister and did very well. ing was devoted to discussing ways and means of celebrating July 1, Dominion Day. Since the Lac la Biche annual sports day is on the sixth of July instead of the

first, the members of the Lions Club agreed to sponsor a 'Community Picnic,' in conjunction with the Legion.

On the May 24th Sports Day the Lions Club cleared more than \$130 operating booths, bingo and games.

The next meeting will be on the 27th of June.

City Within a City

On a blustery day early in the New Year, a big TCA North Star airliner settled down on the Edmonton airport, and out stepped L. E. Detwiler, representative of New York's First New Amsterdam Corporation.

With him Detwiler brought plans for the greatest civic development program ever attempted in Canada—a virtual city within a city. Dubbed the "Miracle Mile" project, it would include modern office skyscrapers, auditorium, vast parking facilities and other commercial and cultural facilities.

Estimated cost of the project is about \$25,000,000, and the corporation represented by Detwiler is seeking certain tax concessions, a 99-year lease, in return for which it promises to erect the project, and pay the city a liberal yearly rental.

The Detwiler deal is the luckiest proposition that ever fell into Edmonton's lap. Citizens, business leaders, and the city administration should bend every effort to see that the Miracle Mile becomes established reality, and not just a dream.

Let's Abolish Hanging

Last week Canada's Liberal government had an excellent opportunity to take a major step forward in the field of social welfare, by passing a bill introduced by Ross Thatcher (CCF-Sask.), that would abolish capital punishment. Unfortunately, the government failed to do so, presumably because the spokesmen who defeated the measure cast their opinion without properly looking into the matter.

Canada prides itself as being one of the sanest countries in the world, and one of the most advanced in the field of social welfare.

Yet the politicians at Ottawa just can't get it through their heads that hanging does not serve as a deterrent to murder, that such offences have actually decreased in the places where capital punishment has been abolished, and that it is a barbarian, unjust, and not at all practical means of gaining revenge, harking back to the dim days prior to Christ. In Edmonton in recent weeks three murder cases have been dealt with in supreme court. In one, a man was acquitted, while the other accused with him was sentenced to die, and in the third case, a young woman was found not guilty.

One of the reasons that many are acquitted is that the jury is reluctant to bring in a verdict of guilty when such drastic punishment is meted out. That is because more and more people are beginning to realize that a murderer is a mental patient, that murder is seldom pre-conceived, and that nothing—nothing whatsoever—can restore to life those who have been falsely convicted, and have hanged for another's crime.

Person-to-Person Advertising

Whether you, as a businessman, claim to believe in advertising or not—you can never actually halt advertising of your firm. You can only suspend that part, such as newspaper advertising, over which you have direct control.

In ever-increasing volume, the part you do not and cannot control will roll on: the advertising created by idle tales, by mis-information and actually by the fact you may not be providing any information at all, to those with whom you want to do business, will travel fast by swift gossip.

If you advertising springs from misinformation, it can do you harm. You can control it, in a very small way, by person-to-person contact. But you cannot hope to reach all the people you should in the course of one week. Chances are, you reach only those who are favorable to you to start with—and your advertising greets only those whom you already have as customers.

The local newspaper, serving the farmers and townsfolk in your community, is designed to meet your advertising needs in the best way, next to person-to-person contact. You can, for a small weekly fee, create a favorable impression among the hundreds of readers of this, your local newspaper.

Person-to-person, and community newspaper advertising can build your business.

Alexander Botts
On a Diet

By T. W. PUE

Readers of this column may ask the question: Who is Alexander Botts?

That's a good question. Alexander Botts is my favorite fiction character, and stories about him appear from time to time in the Saturday Evening Post, authored by William Hazlett Upson.

Botts is a screwy travelling salesman for the Earthworm Tractor Company who always starts off in the narrative in one heck of a situation, far from head office. He wires frantically for small sums of \$50,000 or more to Gilbert Henderson, the nit-wit sales manager of the company. No matter how difficult his plight, however, Botts never gets any co-operation from Henderson, but always pulls out of his troubles, and ends each adventure with the sale of at least a dozen of those inimitable Earthworm tractors.

T. W. PUE

So writes author Upson, and I never fail to get a kick out of these stories. Reminds me of the situations I've run into in my travels. I recall how I wired frantically from Quebec City to head office of McFadden Publications in New York when the local dealer threatened to throw me out on my ear the next time I called to tell him his franchise was terminated. Like all travellers, I suppose, I've had a lot in common with Alexander Botts—and his creator, Upson, who was a traveller once himself.

Upson On Diet

This man Upson probably still travels, but having hit pay dirt in the columns of the wealthy Curtis Publishing Company, will never likely go back on the road as a travelling salesman. He has lots of money in his pocket and lots of time to sit around in railway club cars and luxurious hotel lounges to dream up further adventures for Alexander Botts. And in sitting around, Mr. Upson and his companion, Mrs. Upson, found themselves time to load up with excess food and excess weight.

They tried many schemes for reducing. Like going on a starvation diet and being hungry all day, taking exercise which only worked up their appetites more and made them eat more than ever, and so consequently they added more weight and grew fatter still.

Digging a Grave

You could say that Mr. and Mrs. Upson were digging their graves with their teeth. Overweight people die sooner than thinner folk. The fatter you get, the harder strain you put on your heart and other organs. These wear out sooner—and so the obese person dies sooner, and has, you might say, dug his grave with his teeth.

Upson says he wasn't willing to exercise nor to go around hungry all day, day after day. So he decided to eat only certain kinds of food, eat all he could and still lose weight.

Quality, Not Quantity

The kinds of foods the Upsons eat make all the difference. They avoid foods with sugars, starches and fats. Eat plenty of fruits, most vegetables such as spinach, lettuce, cabbage, etc., and all the lean meats they want.

Bread, pastries, cake, potatoes, butter, cream, fat meat isn't on the Upson diet until—and here's the wonderful part of it all—they find themselves actually underweight! They have to eat a few starchy foods to gain weight.

As one who is consistently overweight, this sounds like a smart system to lose weight and not suffer for it.

I'm going to try it—and if it works I'll report the results some weeks hence in this column.

If it doesn't—I'll hang my head down around my big spare tire of a middle and never mention dieting again.

The Lighter Side

An Eye For a Bargain

Letters to the Editor

SHE'S ASTOUNDED

Dear Sir—I was astounded when I read in a recent edition, the letter from a Hardisty man who stated, and I quote: "Canadian females are 100 per cent barflies and will take a man for every cent he has." Also that he prefers European women.

I respect his views as he is merely expressing an opinion, but frankly I disagree entirely.

I feel safe in saying that Canadian women compare very favorably with any European women. Certainly they have the charm, loveliness, intelligence and affection any foreign woman has.

Canadian women have proven this. How? What made Canada such a fine nation? What attracted foreigners to come to Canada if it isn't one of the best countries in the world?

The people of Canada made it wonderful and surely you can't tell me that the men did it all. It was the patience and encouragement of Canadian women that made for the development of a country in which our friend now dwells.

Everywhere there are girls who do not come up to this standard but individual values are discarded in this estimation of women of Alberta.

That is my opinion and I'm very proud to be, as all girls who have that privilege, a member of the fairer sex of Alberta.

YVONNE GAMACHE.

Morinville.

"AM I MAD?"

Dear Sir—I've just read that letter claiming that Canadian girls are all barflies, and am I mad!

Has he inspected all us women, or just the ones in his favorite bars? I happen to be the kind of "nice" girl he says does not exist any more. And I wish I could say just what I think of his silly, prejudiced attitude—but as I said, I'm a nice girl and can't use such words.

Edmonton

T. M.

DISGUSTING!

Dear Sir—As an army wife, yet, let me say you're one of the most vile, disgusting specimens of man I've ever read about. What's the matter, revolting—wouldn't anybody have you?

Lac la Biche

K. T.

NO UNCLE OF HIS

Dear Sir—I protest the habit of many writers, in American periodicals, calling Joe Stalin (or whatever is the name of the Russian dictator) by the friendly title Uncle Joe? Is there anyone who doesn't know that since Hitler committed suicide that this "Uncle Joe" is the world's most cold-blooded murderer, liar and atheist? Would you want him for an Uncle? Then why the title?

Mayerthorpe

J. H. L.

LIKES COLUMN

Dear Sir—I am writing to say how much I like Eva Crummy's column. She has a good item in every time she writes. I liked her viewpoints on cleaning up the mind, as well as the foolish buying people do. The greatest need in the home is good clear reasoning and thinking. Many a home hasn't got that.

South Edmonton MRS. J. K.

Notes and Comment

You can never tell when a little careful driving will save your life on the highway.

* * *

There will never be an absence of politics in a democracy but there can be a minimum of it.

* * *

A bargain should include quality at reduced prices; inferior goods are never cheap.

* * *

One trouble with a democracy is that too many citizens suffer from mental paralysis.

* * *

It is rare for a strong, healthy man to appreciate the plight of someone who is in ill health.

Just what will be the advantage if the scientists are right and we are able to travel to Mars?

* * *

An expert is a man who writes for a newspaper, published in a town where he is not known.

* * *

It is remarkable what some people will do for publicity, even when most of it is worthless.

* * *

Business seldom expands by magic—is usually grows because somebody with brains is working.

* * *

The man who puts money above everything else will find, some day, that money is above everything else.

SHAME OF ALBERTA

Royal Commission Should Investigate Fort Prison

Compiled by Staff Reporters

A Royal Commission is needed to investigate conditions at Fort Saskatchewan. That, in brief, is the findings of this newspaper in unearthing what promises to be one of the most explosive stories in Alberta's history.

In the 35 years in which Fort Saskatchewan has been operating, thousands of men and women have served terms of imprisonment behind its iron bars and concrete walls.

What effect has it had on them? What has been their attitude after being released from prison?

The attitude of most released prisoners is one of hate, lawlessness, and a burning desire to 'get even' with society for what they consider an injustice. Injustice for being sent to jail? No, injustice in their treatment while there.

In 1948, a young Edmontonian, veteran of two and a half years service in the Royal Canadian Navy, was sentenced to an 18 month term in the Fort, after being found guilty of false pretences.

Signed Testimony

While at Fort Saskatchewan, his health was poor, being a man of slim stature (about five foot ten, 135 pounds), with poor teeth and eyesight.

Here is his testimony, as presented in a signed statement to this newspaper:

" . . . I was accused by Warden McLean of fomenting a riot at Fort Saskatchewan. This was not true. . . . I was seized by McLean by the hair and hauled from a hallway into his office. I was given no opportunity to answer to the charges against me, despite the fact that British tradition demands that a person accused of a misdemeanor or crime shall be allowed an opportunity to testify in his own defence.

"McLean was using foul and filthy language, and jabbering in an almost unintelligible manner. Simultaneously a Mounted Policeman secured my hands behind my back with some sort of rope or belt.

"I was held in McLean's office for about ten minutes, during which time he continuously pulled my hair and clouted me. He appeared to be almost hysterical. When he was about played out he instructed Deputy Warden Holt to throw me into the condemned cell, referred to me as a bastard, and told Holt to take away my clothes, lock the door, throw the key away, and forget about me.

"I was taken to the condemned

cell . . . a few minutes later Holt and some others returned, and took me back to McLean's office.

Living Hell

" . . . I was informed I had lost 30 days remission (good time), although I had not been informed of what charge I was guilty of, and had been given no opportunity to say anything in my defence.

"I was then returned to the condemned cell . . . Deputy Warden Holt told me that I was going to be made to suffer, even if they had to kill me to do it.

"No blankets of any description were supplied me during the week I was kept in the death, or condemned cell. No water was supplied to me during the daytime, as the water is controlled from outside the cell, nor was it possible to flush the toilet during the daytime."

There, for all to see, is the signed testimony of one who endured over a year of living hell!

Awful Life

Inmates live in small cells, stiflingly hot in the summer, cold and practically unheated during the winter, sleep on straw cots, work in sub-zero weather in insufficient clothing, go without proper medical attention, and live on practically, and sometimes actually, rotten food

New Appointment

In 1948, administration of the Fort was transferred from the Dept. of Public Works (where it never belonged) to the Attorney-General's Dept. A former RCMP

officer, E. E. Scott, who is a fine man dedicated to reform, was appointed inspector of jails for the province. Since Scott's appointment, minor improvements have been made at the Fort, but it still ranks as one of the nation's most productive criminal factories.

In the federal prisons (there are ones at New Westminster, Prince Albert and Stony Plain, Manitoba, in western Canada) a genuine attempt is being made to reform the people who fall prey to a life of crime. Notable success is being made. Not the least cause of this is that the greatest care is being taken in the appointment of guards. Moreover, federal penitentiary guards now undergo training at Ottawa, which is in sharp contrast to the method prevailing at Fort Saskatchewan, whereby men from the surrounding farms are usually recruited for prison duty.

John Howard Society

The John Howard Society has been doing its level best to aid in the restoration to a law-abiding life the prisoners who leave the Fort. Yet they are sorely handicapped. In 1949 the Society was only able to extend \$3,000 in aid to released prisoners, and they deserve more public support.

Thousands of words have been written about the awful failure that has been made of the administration of Fort Saskatchewan.

The only thing that can ever correct this failure is a full-fledged investigation by a Royal Commission that will at last bring out for all Albertans to see, a true picture of conditions inside the Fort.

Another article on this subject will appear next week.

This Albertan's Dreams Come True

What would take Felix Meunier of Morinville, seen here, 10 years or maybe a lifetime to accomplish, is being done for him in a few weeks as a modern version of the Cinderella story. The Morinville Agricultural Service Board has selected his farm as an experiment in modernization and improvement. With building supply firms co-operating, his farm will soon be a showplace of Alberta.

Hunting Season Opens Sept. 15

The big game hunting season is scheduled to open Sept. 15 in Alberta and there is good news for hunters.

Provincial game branch authorities report a good supply of elk, deer and goats for the sportsmen to track down.

The season opens Sept. 15 for those with special permits to shoot in the remote areas of the Athabasca, Clearwater and Brazeau forests.

The hunters will be allowed one male or female goat, a male sheep and an elk or a deer.

For special permit holders, the season will last until Oct. 31. For others the season will start Nov. 1 and continue until Dec. 15. Only sheep are reported "rather scarce."

10,000 Attend Elk Point Bridge Opening Day

By NANCY COXFORD

A large crowd, estimated in the thousands, attended the historic Elk Point bridge opening on Wednesday, June 7th.

Ferryman Ole Jacobson took the old ferry on its last trip carrying the Honourable D. B. MacMillan, minister of public works, across the river to do the honors, cut the ribbon and officially declare the new bridge open for use.

The mammoth parade which opened the well-planned program depicted the history of the west, with the costumed Indians, yokes of oxen, mules, wagons and buggies giving the realistic touch of the early days.

Two fat steers and a pig were barbecued and served free of charge to thousands of customers.

Shirley Gamble, talented young Mannville singer, took part in the grandstand performance, delighting the capacity audience with her rendition of "Bluebird of Happiness." Other items on the program included selections by the Vermilion boys' band and male choir, Dewberry pipe band, Saddle Lake Indian dances, Ukrainian folk dances, boxing and an outstanding acrobatic performance.

A magnificent fireworks display in the evening brought the day's program to a close.

Scientists have checked the relationship between a cricket's chirp and the temperature and the general rule is to count the number of chirps a cricket will make in 14 seconds and add 40—the result is supposed to approximate the temperature in Fahrenheit degrees. Warmth up to a certain degree—accelerates frequency of the chirps.

Ontario Newspaperman Receives Award

Joseph T. Clark trophy, emblematic of best community newspaper in Ontario or Quebec, is presented to Charles Nolan of the Stouffville Tribune by Ken Walls of the Barrie Examiner. Mr. Nolan is publisher-editor.

ATA To Handle Salary Disputes

An estimated twenty salary disputes between Alberta teachers and school boards will be handled by the ATA provincial executive, says Eric S. Ansley, of the Alberta Teachers' Association.

Mr. Ansley stated that new salary agreements are coming in daily

but that quite a number of negotiations between teacher representatives and school boards have resulted in deadlock. In cases where the local school boards and the ATA are unable to reach a satisfactory agreement, the dispute is referred to conciliation.

A recent ruling under the Alberta labor act has simplified the procedure under which the ATA can officially represent the teachers in salary disputes.

Some of the recent disputes that have been referred to conciliation are the school divisions of Stony Plain, Wetaskiwin, Olds and Lethbridge, as well as the school boards at Jasper Place, Beverley, Bellevue and Edmonton.

It was announced recently that the provincial government has certificated the ATA as the bargaining agent for the teachers of Edmonton and Calgary.

Scientists are exploring the possibility that the moon may be responsible for earthquakes.

LABOR AGE DROPPING

Later school-leaving ages, family bonuses, retirement plans and old age pensions have contributed to a reduction in Canada's working population.

This is the observation in the current Monthly Commercial Letter of The Canadian Bank of Commerce, which discusses trends within the working population over the past fifty years.

The letter point out that, as unemployment is widely used as a measure of business activity, it is important that the make-up of the Canadian labor force and its movements should be better understood.

Motion is the chief characteristic of the labor force. Its composition changes—by age groups, occupational shifts from countryside to town, or from more settled areas to those where new resources are being developed.

The most striking occupational shift has been that from agriculture into manufacturing. Fifty years ago two out of five worked on farms and one in six in manufacturing; at the present time one in five is engaged in agriculture and one in four in manufacturing.

Seasonal movements of farm workers cover a growing number of types of crop and the international exchange of seasonal farm labor is now common.

All these forces have produced an employment picture at the present time along the following lines: out of a total population of 9,679,000 citizens above the age of fourteen years, there are 5,108,000 either gainfully employed or seeking work; nearly four out of five of this group are male, and by far the largest age group (44 per cent) are in the 25-44 year bracket; over three out of five live in the more industrialized provinces of Ontario and Quebec; about one in five is normally engaged in agriculture; and almost a third are unskilled workers.

There is at present a tendency for the labor force, both in this country and in the U.S., to increase faster than new jobs become available. This is partly the result of the increase in output per worker, which is steadily rising owing to the huge capital investment of recent years in improved plant and equipment. If, therefore, the population continues to rise at its present rate, and if living standards are to be maintained, it is obvious that available jobs will also have to increase.

Current trends suggest the need for developing further investment opportunities and expanding our markets, both at home and abroad.

King's Colors Presented to RCAF

Air Marshal W. A. Curtis, chief of the air staff, receives the King's Colors from the governor-general in the first ceremony of its type in the history of the RCAF. A huge Ottawa crowd watched the performance.

Survey Settles 'Mannville' Question

In case you're writing a letter down to Mannville, don't worry about the much-discussed proper spelling of word, because it's been finally settled by an economic survey of the town just completed by the provincial government.

And they've decided it's "Mannville."

According to the survey, which covers all features of the town and its history from the early days, the town was named after J. D. Mann, a contractor with the Canadian Northern Railway, now the C.N.R.

Mannville was the site of the first district hospital in Alberta, opened in 1918. Dr. J. D. Heaslip, who was instrumental in establishing the hospital, is now superintendent of the General hospital in Calgary.

The hamlet was incorporated as a village in 1906 with D. B. McLean as mayor and councillors W. M. McIntosh, J. B. Burch and W. Houston. Seven years before, the first settlers reached the district by ox team from Edmonton.

After nine years on the supreme court at an annual salary of \$25,000, the late Justice Frank Murphy left an estate in Washington of \$510.

Productivity Cuts Working Hours

The governing body of the International Labor Organization has requested the International Labor Office to prepare a report on the reduction of working hours as a consequence of rising labor productivity.

The report will be presented to the governing body's next session with a view to the possible inclusion of the question in the agenda of the general conference of the ILO in 1952.

Oklahoma has the most Indians, Arizona is second.

CANADIANS HAVE MORE MONEY IN BANK THAN EVER BEFORE

MONTREAL.—More Canadians have more money in the bank than ever before, and the average account is higher, it was stated this week by J. U. Boyer, president of The Canadian Bankers' Association.

Speaking at the annual meeting of the Association, Mr. Boyer detailed the growth of banking in recent years, particularly the growth of deposits and loans, and coupled with it a suggestion to Canadians to invest in the profitable development of the abundant resources and rich opportunities of Canada, and thus contribute to the national enrichment in the way of jobs and production.

The number of bank shareholders is on the increase, Mr. Boyer noted, going up from 50,000 before the war to 60,000 today. Dividends paid in 1949 averaged \$252 per shareholder. For every dollar paid in dividends in 1949, the banks paid \$6.30 in salaries and wages, 73 cents in contributions to staff pension funds, \$3.64 in interest to depositors and \$1.43 in taxes, including municipal.

Referring to job-creating investment opportunities in Canada, Mr. Boyer gave as an illustration the \$150,000,000 in venture capital being spent by 240 companies in oil development in western Canada, particularly Alberta, this year. Much of this risk money came from outside Canada and in its wake flowed jobs, people, new industries and the expansion of old industries. There will be \$125,000,000 in new buildings in Alberta this year, as a direct result of the oil development—stores, houses, churches, schools, all making jobs and production.

"In the new discoveries of oil in western Canada," Mr. Boyer continued, "the mineral finds of Chibougamau, the iron and titanium of Quebec and Labrador, in the

SAFE IN CANADA after 10 years of wandering in Europe, Stanislaw Szwole is the last of Polish refugee children to arrive in Canada. Taken to Russia from his homeland at the beginning of the war, he endured the march of General Anders' army to Persia in 1942.

150 Campaigns
Support Spring
Cancer Drive

The 1950 cancer campaign in northern Alberta is being waged by 110 separate campaigns in northern Alberta districts. The campaigns are sponsored by Boards of Trade, Canadian Legion branches, I.O.D.E. chapters, women's institutes and other organizations.

There are 14 more campaigns this year than in 1949. The most southerly point where a campaign is under way is Innisfail—the most northerly is Port Radium, near the Arctic Circle.

This year's objective for northern Alberta is \$60,000.

On Saturday, May 20, country points had raised \$7,357.00.

The Vermilion district contributed \$850 last week, Ponoka \$667, Holden, \$416, Whitecourt \$175, Fort Saskatchewan \$160, Pembroke \$72 and Abee \$47. Two donations were given in memory of deceased friends by their neighbors—\$41 in memory of Mrs. Elizabeth Howie of Ferintosh, and \$13 in memory of Mrs. Fred Norman of Bashaw.

Earlier in the campaign Stettler contributed \$1,154, the towns of Waterways and McMurray \$555, Sedgewick \$514, Vilna \$172, Daysland \$157, Kinuso \$150, Elk Point \$136, Fort Smith and Fort Fitzgerald \$123, Erskine \$107, Chipman \$98.00, Kinsella \$43 and Hay Lakes \$40.00.

Letter to Louisa

Secret Engagement Is
Young Couple's Problem

Dear Louisa.—I am coming 17 in July and I am to be engaged. I would like to know if it is necessary for my boy friend to ask my parents, or could it be done just between the two of us?

—T.M.G.

Answer—I certainly do not think it wise for you to become engaged to any boy without your parent's knowledge—simply for your own protection.

A secret engagement is not hard to break off, and there is always the possibility that the boy would not consider he had as much responsibility toward you when no one knew of the engagement except yourselves.

But no matter how much you two love each other, do you think it wise to do such things on the side? If you are proud of your sweetheart you should certainly not want to keep your engagement secret.

—Louisa.

Dear Louisa—

I am a man of seventy and am in bad health. My wife and I had a comfortable home which we had lived in ever since the first year we were married and were very happy.

About a year ago, my wife died suddenly and the children insisted that I sell the home and come and live with them. They all wanted me and I had to agree to divide my time with them.

Well, it hasn't worked out well at all. I feel that I am in their way and what I want is a quiet place to stay and someone to take care of me. I could get a small apartment but I haven't the money to get a good practical nurse. Each one of the children has borrowed from me so that all I have left is a small pension that I get each month. I hate to ask them to repay me as I have been staying with them for a year. What would you do in such a situation?

Grandpa—Vt.

Answer: You were certainly foolish to part with your "nest egg."

aid to the cancer campaign. \$86.00 was raised in Lac la Biche. Boy Scouts at St. Albert made \$28 and Girl Guides at Fort Saskatchewan \$21 on tag days, and another is planned for Leduc on Saturday, May 27.

I think your best bet now is to find a good old peoples' home. There are a number of these run by different churches and societies. Your pension may be sufficient to pay your way in a place of this sort and you will have a quiet place with medical care and other old people for companionship.

You can then visit your children for a week or so when you feel like it and come back to your own little place when you get tired.

—Louisa.

Salvages Oil

A process to salvage valuable oil and wax from the settlings, or waste material, in the bottom of petroleum storage pits and tanks has been developed by the Bureau of Mines, in co-operation with several oil companies. A test with 2,000 barrels of waste stored for several years in an open pit, recovered nearly 600 barrels of clean oil containing 15-18 per cent of valuable microcrystalline wax.

20th Century FARM NEWS

FOUR CONVENTIONS PLANNED BY FUA DURING SUMMER MONTHS

Four FUA district conventions will be held in June and six in July, announces Carl J. Stimpfle, president of the Farmers' Union of Alberta. The conventions are attended by delegates from the locals situated within the areas concerned for the purpose of electing district officers and a district director who takes his place on the provincial board for one year.

First convention was held at Hanna on Wednesday, June 14th, with delegates from locals situated in district eleven attending. Present district director representing district eleven is J. Cameron of Youngstown.

The following week, conventions will be held at Olds June 23 for District 10; Stony Plain June 24 for district five and Ponoka June 26 for district nine. George Roth of Red Deer is director for district ten; C. D. Fuhr of Stony Plain for district five and H. Lembicz of Lacombe for district nine.

July conventions are scheduled as follows: District seven, Wainwright, July 4; District eight, Camrose, July 5; District four, St. Paul, July 7; District six, Vegreville, July 15; B.C. Block, Dawson Creek, July 18th; District one, Grande Prairie, July 20, and district two, Peace River, July 22. Convention for district three is scheduled for August 5 at Athabasca and the conventions for district twelve is scheduled for the fall, date and place to be announced later. Mr. Stimpfle, FUA president and Mrs. R. E. Gunn, FWUA president, will be in attendance at all the conventions.

BOOK PRAISES NEW CANADA

Canada offers an opportunity to its citizens second to no other country in the world, according to a booklet published this week by the Canadian Chamber of Commerce.

The booklet, entitled "Canada—Land of Hope," reviews the history of the country in general terms and predicts that Canada's best days are still before her. "Canada has not become great by chance," the publication comments, "but rather because there has been here created and nurtured an atmosphere in which the will and energy of peoples from many lands have been allowed full expression within the limits of the public welfare."

The booklet points to the new iron discoveries in Quebec and Labrador, to oil in Alberta, to Canadian achievement in the field of atomic research and to the initiative and industry of Canadian youth as evidence for an optimistic view of the Canadian future.

Former Czar Man Now At Thorhild

THORHILD.—Einer Gunderson, formerly of Czar, has arrived in Thorhild to assume assistant management of the new modern theatre here. This booming farm community, which 30 years ago was only a one-building stop on the railway, now boasts one of the most modern theatres in the province.

Walter Bachynski is manager. Mr. Gunderson lived for quite some time at Provost, after leaving Czar. Mrs. Gunderson and family of five girls will move to Thorhild in July.

Improvements Seen In Crop Prospects

The third 1950 crop report of the Alberta Agriculture Department says that soil moisture conditions are good and recent rains have considerably improved crop prospects.

Wheat seeding is now completed and most of the coarse grains will be in the ground by next week. Crops are in fair condition despite the dry spell and prospects have improved in central and northern Alberta with the recent rains.

Height of wheat is from one to six inches and coarse grains are up to four inches. Around 50 per cent of the grass and legume crops have been sown, but insufficient surface moisture in the drier areas has caused delays in this operation.

Comparatively little damage has occurred to date other than extensive soil drifting. Slight wireworm activity is indicated in some areas and the sweet clover weevil is causing some concern. Grasshoppers have done little damage so far with everything in readiness for any outbreak that may occur. Speedy control of this situation is anticipated.

Condition of livestock is generally fair. Hay and pasture crops are poor to fair only but improvement is anticipated following recent rains.

Lack of rain and lower than average temperatures have resulted in slow pasture growth and a decrease in milk production.

New Basis For Wheat Purchases

British purchases of Canadian wheat in the 1950-51 crop year will be made within the framework of the International wheat agreement. The United Kingdom has undertaken to take 300,000 tons of Canadian flour at competitive North American prices.

The eyes of a human being reach their maximum size at about 10 years of age.

Wife Who Slew Mate Appeals on Sex Grounds

CHARLOTTE, N.C. — Still insisting that she shot her husband because of his abnormal sex desires, thrice-married 33-year-old Charlotte Lanier McCorkle is appealing her conviction for second-degree murder and the 9-to-12-year sentence that went with it.

All through her trial the shapely redhead never wavered on that one point—that she had shot Edgar McCorkle, her bridegroom of four months, only when he made it apparent that he was going to force her to submit to acts of sexual perversion which she had come to dread.

On this occasion, she said, he asked her to come over and sit on his bed. "Then he started," she testified, "and I knew what he was going to try again. I don't know what happened then."

She said she couldn't remember where the gun came from, or who fired it, but did recall two shots and her husband's slumping to the floor.

The courtroom, presided over by Judge Allen N. Gwynn, was thronged with curious crowds, including many women, listened intently to Charlotte's detailed testimony.

"When Ed couldn't satisfy his sexual desires through normal intercourse," Charlotte told the courtroom, "he would become a madman. He forced me to unnatural sex acts by overpowering me and strapping me to the posts of my bed."

She said that she had normal sex relations with McCorkle, 46-year-old laundry executive and her former boss, before they were married, but that soon afterward he became violent, beating and otherwise mistreating her in his moments of passion.

Prosecutor Basil L. Whitener, however, depicted Charlotte as a hardened woman who shot Mc-

Corkle because he threatened to leave her. As McCorkle's secretary, Whitener charged, the redhead lured him from his former wife, married him the day after his divorce and shot him less than four months later.

Whitener insisted that Charlotte, immediately after the slaying, confessed to shooting McCorkle as he slept. Charlotte denied such a confession, but testimony showed there were bullet holes in the sheet and spread on McCorkle's bed.

Whitener asked the death penalty but Judge Gwynn made possible the second-degree murder verdict—and a lesser sentence—by telling the jury it should exclude a first-degree charge if it found that Charlotte killed her husband in a fit of passion.

Immediately after pronouncing sentence, Judge Gwynn himself dictated Mrs. McCorkle's appeal to the State Supreme Court, which will review the verdict and sentence.

NEW HOLLAND LINE
TOPS THEM ALL!

Outsells the Entire Industry 2 to 1.

17 REMARKABLE FEATURES — 10 of them exclusive New Holland developments — have gone into the "76". Here is a machine that has a top capacity of up to 10 tons an hour. The "76" produces a better bale, too, firmly packed and tied under compression and sliced like bread for scientific feeding.

- Self-feeding—self-tying.
- Uses high tensile strength twine.
- No wires to stick or tie.
- No blocks to drop.
- Automatic bale slicer.
- Floating type pick-up unit.
- Spring tines easily replaced.
- Bale weight easily regulated.
- 1½ seconds to divide and tie a bale.
- Automatic bale counter.
- 22 h.p. auxiliary engine.
- Can be used stationary.
- Produces bales 16" x 18" x 36".
- Handled by any 2-plow tractor.

Let us prove that this great New Holland line stands head and shoulders above all the rest — in capacity ... in performance ... in every haying operation!

Grain Trade Contributes \$335,555 To Flood Relief Fund

Pictured above is W. McG. Rait handing cheques for \$335,555 to A. H. Watson, Chairman of the Manitoba Provincial Committee of the Manitoba Flood Relief Fund. This amount covers the donations of the Line Country Elevator Companies, Grain Firms, Brokers, Maltsters, Exporters, Lake Grain Carriers, Officials and office employees of Grain firms to the Relief Fund. There are still some contributions to be included which it is expected will increase this total to over \$350,000. The donations of the Grain Trade are the largest of any single group of contributors to the Flood Relief Fund. The money will be used to repair and replace household furniture, bedding, clothing appliances, etc., destroyed by flood waters. In the picture, from left to right, are: S. A. Searle, Sr., Mr. Rait, Mr. Watson and R. R. Emerson. Messrs. Rait, Searle and Emerson are Line Country Elevator executives who acted as co-chairmen of the Grain Trade section of the Manitoba Flood Relief Fund.

All country elevators have been appointed official agents of the Manitoba Flood Relief Fund for receiving contributions of grain and cash from farmers to the Fund.

GOODFISH LAKE NEWS

GOODFISH LAKE. — Chief Reuben Bill and his councillors visited our school and health centre on Wednesday. We are glad to see the chief recovered from his illness.

Regional supervisor G. H. Gooderham of Calgary and Dr. Stone, Alberta chief of health and welfare, visited the school and health centre last week. The residents

are pleased to see that these officials are interested in the reserve.

Inspector Kostash of Smoky Lake paid our school a visit and was much interested in our alert Indian school children. We were glad to have his help in school problems.

Peter Shirt and Thomas Jackson returned from Cardston where they attended the meeting of the Indian Association.

SAFETY FOR CHILDREN

Only a few Canadians still "don't believe in" immunization. Most parents realize that immunization gives almost 100 per cent protection against the common but dangerous childhood diseases, diphtheria and whooping cough. For maximum effectiveness, have your child immunized early... in the first few months of life, if possible.

CASLAN NEWS NOTES

CASLAN. — Mrs. Waselenchuk Sr. came home from Edmonton last Monday.

Mr. S. Johnston was a visitor in Lac la Biche recently.

Gloria Henson of Edmonton is visiting with her grandparents, Mr. and Mrs. E. W. Meyer.

Mr. J. Bury and Muriel also were visitors in Boyle recently. Mr. and Mrs. Metro Waselen-

chuk and daughter of Edmonton are visiting relatives in the district.

Mr. C. Fester arrived from the north and is visiting Oliver Woodworth.

Mr. M. Sawka was a Boyle on Monday.

A "hair's breadth" is generally regarded as the measurement of 1/48th of an inch.

HYLO HIGHLIGHTS

HYLO.—Over the June 4 week-end Mr. O. Waschuk's sister and her husband from California visited Mr. Waschuk and family while on their tour of U.S.A. and Canada.

Mrs. Fomuk is still seen with a cast on her leg, which she fractured after she accidentally tripped.

Mr. John Owchar is in the St. Catherine hospital at Lac la Biche, being treated for pneumonia.

Mr. Peter Tymchuk returned home from the hospital feeling much better.

Mike Gashinsky cut his foot just below the ankle with an axe while brushing on his farm near the school section. He was rushed to the hospital where he remained for a couple of days.

Mr. Fred Marchesi has purchased a weed sparyer from the Hylo Co-op.

Mr. and Mrs. Ed. Simbolist and Butch made a June 11 week-end trip to Edmonton where business matters were attended to. Mrs. Mary Kucille and the children accompanied them. They visited Mrs. M. Kucille's sister in Edmonton and Larry Kucille visited an ear specialist to have a bad abscess attended to. Larry is now seen out in the sunshine. He will be at school again soon.

The Ladies Society annual picnic of June 11 was a complete success. The weather was perfect except for dust and the attendance was large. Both the show and dance following the picnic were well attended also. The hall was practically overcrowded.

Mr. and Mrs. John Moshink and their two boys as well as Mrs. Mosshink's sister Nancy Zalowski visited relatives at Hylo and attended the picnic.

Mr. Carl Keehn has purchased a new John Deere tractor.

Mr. Alex Kuwica has traded in

his old coupe and is now sporting around in a swanky Dodge sedan.

Mrs. H. Kennedy's brother, Mr. Schriver, his wife and their son visited the Kennedys over the June 11 week-end.

Jimmy Kucille had to be rushed to the doctor when his eyes swelled up so badly that he couldn't see. The doctor explained that Jimmy had gotten an infection in his eyes from his cold.

Messrs. Michael Grandinetti and Henry Michetti have left for the N.E. Alberta where they are employed by the NA Railway.

When the Home and School Association held its annual meeting officers were elected and re-elected. Mr. Pasquale Manca was re-elected president. Mr. Michael Grandinetti was elected secretary. Mrs. Ald Rayment vice-president, and Mr. Carl Keehn treasurer.

A committee was chosen to enquire into the school finishing project which the Home and School would like to carry out before the coming school term.

The next Home and School will meet the second Thursday of September for a new term.

Hylo Junior team visited Venice school for a game of fastball and lost it to the Venice team with a score of 6-12. A pleasant after-

WINNIFRED NORQUAY, R.N., who has been appointed consultant to the Alberta Tuberculosis Association. Mrs. Norquay is a graduate of Edmonton's Royal Alexandra Hospital, and her duties with the association will carry her to all parts of Alberta.

noon was spent by everyone, however.

Mr. and Mrs. Alex Lozinski and Mrs. J. Owchar have returned from a lengthy visit to Saskatchewan where they renewed old acquaintances and visited with rela-

tives. They report much rain, so much so that even muddy roads are encountered in Saskatchewan while we gaze at the smoked and dusty sky in vain.

Miss Sylvia Sawchuk, Miss Donnie Grandinette, and Miss Sonia Sawchuk have been announced first, second and third GGG Club

efficiency winners respectively. Miss Sylvia Sawchuk will attend Club Week at Vermilion in the second week of July. She will carry with her a display of the best work done by the club.

Hard work still represents the main essential of success in life.

Milk Cows the Right Way

WITH

The Massey-Harris Rite Way Milker

The scarcity of experienced hand milkers, together with the high wages for any available farm help, creates a difficult problem for dairymen who wish to profit from the demand for dairy products. Thousands of dairymen have found relief from the problem of maintaining production by buying a Massey-Harris Rite Way Milker.

The modern milking machine—such as the Massey-Harris Rite-Way meets a need long felt by dairymen for milking equipment that is easy to install, easy to keep clean and sanitary, is uniform in action and that stimulates free and plentiful flow of milk from the cows. Cows soon become accustomed to the Rite-Way method of milking. Ask your local Massey-Harris dealer for full particulars.

Available in THREE POPULAR STYLES

The Allis-Chalmers Model "WD" tractor is typically Allis-Chalmers in appearance and streamlining. It retains all of the features and qualities that made its predecessor, the Model "WC" a top favorite with farmers and ranchers in all parts of the world. But it goes beyond all previous conceptions of what a farm tractor should be, and introduces a new standard by which tractors of this type will henceforth be measured. There are three popular styles from which you can choose. Dual front wheel, tricycle style . . . single front wheel style . . . and adjustable front axle style.

You only have to drive this new Allis-Chalmers tractor once to know that tractor farming is going to be different from now on!

BOUDREAU SALES and SERVICE

Radway News Briefs

RADWAY. — St. Joseph's parish held a very successful picnic in Radway. Egremont, Abee and Radway baseball teams played three games, the first prize going to Radway. The evening bingo game was followed by a midnight frolic in the Radway hall, and a much-needed rain in the district.

The ladies of St. Joseph's parish served a grand chicken dinner on the annual sports day in the Radway Public Library building. The sum of over \$130 cleared from the dinner will go towards completion of St. Joseph's Church.

St. Joseph's is getting a furnace installed and the basement is being remodelled to provide a meeting and recreation room for the young people of St. Joseph's parish. Volunteer labor by members of the congregation helps to complete this much needed project.

Born in Radway hospital to Mr. and Mrs. J. Puchalek of Egremont HS staff, a daughter.

The community takes great pleasure in welcoming Dr. and Mrs. P. Kaye and wish them and their family long pleasant years in Radway.

On Saturday afternoon the following Radwayites were observer at the Edmonton air port taking in the air show: Mr. J. C. Dubeta, Master Davie Dubeta, Mr. A. J. Styra, Miss Natalie Styra, Master Ronnie Styra, Rev. Fr. W. G. Young.

EGREMONT TOPICS

Canadian Legion and Ladies Auxillary meeting was held on June 1. The new members initiated by President Mrs. Frances Pawlukwere Misses Leona and Norma Anderson, Mrs. Helen Mehedyn, Mrs. Polly Lukasewich, Mrs. Pearl Pursche and Mrs. Madeline Koratsh. There were also presented with their badges. Many little things were settled, one of them is lunch.

Four volunteers were chosen and each will take their turn every month. Meetings will be held once a month on the first Thursday at the Egremont Community hall, that is July 6.

The fee for this year is \$1.50. The meeting was conducted very

CHILDREN'S SECTION will be a feature of the new hospital for patients like Karen Hunter, 7, above, now under construction in Guelph, Ont. Cornerstone was laid for the new \$2,000,000 building by Premier Frost last week.

well and all members seem to be enthusiastic.

Mr. and Mrs. Tom Petrie are proud parents of a wee pink bundle named Barbara Lynn.

On Sunday Radway beat Egremont Pirates by a score of 7-6 at Radway.

A big six league has been formed here with Abee, Thorhild, Radway, Egremont, Redwater Ath-

letic Association and Imperial Imps participating.

Each team plays ten games throughout the year. Play offs will be held after that.

President of the league is Mr. M. Chmara of Thorhild; vice-president is Mr. Gunderson of Thorhild; secretary-treasurer is Mr. Albert Puschke, also chosen as press correspondent for the Big Six League.

New Managers At Hotel Restaurant

EGREMONT. — Mr. and Mrs. W. Waite of Montreal have arrived to take over management of the Hotel Restaurant at Egremont. Mr. Waite has had experience in railway dining cars, and both have catered at leading Montreal nightclubs.

Formerly they lived in Edmonton.

Mr. Waite's mother, Pansy Waite, lives in the Thorhild district. Mrs. W. Waite is a native of Taber, Alberta.

PROTECT YOUR CROP INVESTMENT BY WINDROWING THE McCORMICK-DEERING WAY

To prevent any damage to your grain crop from weather, insects, weeds or moisture, windrowing before threshing is certainly a step forward in farming practices—especially when done the McCormick-Deering way!

The No. 120 Windrower (12 or 15-foot size) handles the grain quickly and easily in its smooth operation. Adjusts to crops of all heights. Completely power-driven, it has the light draft that comes from use of numerous ball and roller bearings, and gears running in oil. The No. 6, in 6 and 8-foot sizes, is built for use on smaller acreages.

You'll probably agree with us that windrowing can mean a better grade of grain under many conditions... and now we'd like to point out how well a McCormick-Deering Windrower can do this job for you. Stop by next time you're in town.

Low-built windrower bends stubble.

Grain laid like lattice on rising stubble.

Off ground windrow permits free air circulation.

Flower Time in Canada's Capital

Calm dignity and inviting beauty are combined in this scene of the peace tower on Canada's Parliament Hill and its border of colorful tulips. Nearly half a million tulips bloom each year in the nation's capital.

KIKINO NEWS NOTES

The Kikino picnic will be held on the 25th of this month. There will be softball for any softball team that comes including school children, men and girls softball teams and there will be other entertainment on the grounds. So we hope we have a good turnout for the day. There will be a dance after twelve o'clock midnight. Every team is welcome.

The James and Reimer group of men are busy here in Kikino now. Their houses are down by the river.

Everyone is looking forward for a big rain. We sure need it from the crops and gardens and if we want any berries this fall.

We hear that Art Pruden is intending to buy a truck. So watch Art for the gals.

Andrew Gairdner is busy taking out truck loads of posts with his big truck he got this spring.

Born to Mr. and Mrs. Albert

Bellerose of Kikino, in the Lac la Biche hospital, on June 8, a daughter.

At last one of the Thompson Brothers horses which they lost a year ago last month was brought home today. Just the black horse yet to find.

Mrs. Bowerman Returns From Cancer School

BOYLE.—Mrs. B. M. Bowerman of Boyle a member of Boyle Women's Institute, returned last week from Edmonton where she had attended a Cancer Institute organized by the Alberta Women's Institute in cooperation with the Alberta Division of the Cancer Society.

Little Joe McNally says if you want to give your girl a surprise party, rush up to her, put your arms around her, draw her close and when she says "Stop," don't kiss her.

Machinery Field Day Planned June 22

MORINVILLE. — On Thursday, June 22, 1:00 p.m., at the farm of Dominique Coulombe, four miles north of Legal, a machinery field day sponsored by the Department of Agriculture and the Morinville Agricultural Service Board will be held. Demonstrations on adjustments and setting of tillers and plows will be made.

Morinville Fire Equipment Rated Best in Province

MORINVILLE. — "Fire equipment here rates among the best in Alberta"—those were the words of Mr. J. Bedard, inspector for the fire commissioner who recently gave Morinville Fire Department its first test in efficiency.

He was accompanied by Mr. P.

J. Rowan who also witnessed this test that consisted of setting of a smoke bomb and ringing the alarm. Due to the fact that the town alarm system was not fully connected, the brigade lost 45 seconds. Once the alarm was sounded, the entire brigade was at the scene of the fire, and water was being applied out of three hose lines with fog nozzle under high pressure within one minute and 45 seconds.

One thing manifest that was noticed was Fire Chief Leo Pelletier's supreme control over men and situation. Pump Operator Raymond McDonald had sufficient pressure on the pump to operate fog nozzles in the most efficient manner. This compares very well with the better fire departments throughout the province.

Morinville fire truck is mounted on a three-ton commercial chassis with a high pressure multi stage pump 500 gallons capacity; also a 500 gallons booster tank—this tank is heated with exhaust pipe also electric emersion heater. This truck also carries two 1½ hoses 200 feet in length with high pressure fog nozzle plus one ¾ hose 200 feet in length also equipped with fog nozzle.

All lines are piece connected; that means they are connected to

the outlet of the pump and are ready for instant use and if required up to 400 lbs. pressure. While the pump is operating steamer cups may be removed without loss of water. It has an automatic governor for control of pressure a Tachometer.

Along with that this truck also carries a 35 ft. extension aluminum ladder, also a 12 ft. roof ladder with folding roof hooks; 400 ft. of 1½ hose; 200 ft. of ¾ booster hose; one 15 lbs. carbon dioxide fire extinguisher; one 5 gallons metal hand pump and two small extinguishers for electric fires. This truck also has a siren with oscillating light; two front and two rear search lights; plus door openers, crowbars, hose clamps, fire department lanterns and pike poles.

An outstanding feature of this modern vehicle is the fact that while the pump is operating an auxiliary cooling device is provided to cool the motor without disturbing the an-freeze. This unit is also suited for supplying water from reservoir by boosting the pressure from the hydrants to the fire; this is done through large two 5 inch suction hose lines. These 5 inch hose lines may be used on this truck for supplying water in case of large fires or conflagration.

This unit meets with the full approval of the Fire Commissioner office.

Morinville has completed its fire installation with the erection of a 30 ft. steel tower that support a 5 horse power fire siren that can be heard for miles. This town also has three fire boxes and a brand new fire hall now stands south of the post office.

The siren will blow each night at 9 p.m.

At 7 p.m. on Wednesdays a short blast will call volunteers to fire practice.

A series of long blasts means a fire.

On a recent call from the Sundance mines situated about five miles from Morinville the management gave all the credit to the Morinville Fire Dept. Had it not been for this organization and modern equipment much more severe damage would have been done.

Morinville Youth Heads Farm Union

MORINVILLE. — James Ellett, age 21, son of Mr. and Mrs. Walter Ellett of Morinville was elected president of the Junior Farmers Union of Alberta this week as he attended the Young Farmers week at Varsity.

All Morinville is happy to congratulate James Ellett for the honor he has brought to this district and it is to be hoped that this appointment will be given all encouragement and that he will receive all the co-operation necessary to make a great step to help his fellow farmers.

PLAMONDON NEWS BRIEFS

PLAMONDON. — Mr. and Mrs. Urban Plamondon and their son Norman visited relatives and friends in Foothills last week.

Mr. Albin Plamondon also visited friends in Foothills during the previous week.

Mr. Bertin Amiot of Foothills visited relatives and friends here during the week.

Mr. and Mrs. Richard La Bonte have left for the States where they will visit relatives and friends.

Mr. and Mrs. Elmer Plamondon motored to Edmonton on business the past week.

Mrs. Josephine St. Jean will spend several weeks at her brother Dick's place. She will be keeping house during their absence.

Mr. Ewald Erickson left for Fort McMurray where he will spend several days.

Miss Yvette St. Jean of Edmonton visited her friends here at the beginning of the week.

Mrs. Aurel Dube spent a few days in the hospital. She is now back and is feeling much better.

Born to Mr. and Mrs. Edmond Scaub on June 9 a daughter. Congratulations.

Mr. Albin Gauthier received severe injuries to the arm when thrown off his horse. He was transported to the hospital immediately and is now back home feeling much better.

And now a few sports news. On Sunday the men's hardball team went to Wandering River for a game. Score was 5-3 in favor of Wandering River.

The girls also had a game with Wandering River and lost to a score of 15-12.

On Wednesday the girls softball team motored to Charron for a game against the Charron team. Score was 13-8 in favor of Plamondon.

On Thursday Lac la Biche came to Plamondon for a game versus Plamondon. Score was 12-11 in favor of Plamondon.

Double Wedding At Plamondon

PLAMONDON. — A beautiful ceremony took place at Plamondon in the St. Isidore parish church when Mildred Plamondon, daughter of Mr. and Mrs. Edward Plamondon, exchanged vows with Carl Roscovich, son of Mr. and Mrs. Roscovich of Foothills.

The bride was given away by her father and looked very lovely in a floor length white dress of metallic sheer. Her veil was held up by a lovely rhinestone wreath.

Miss Marie-Jeanne Plamondon, niece of the bride, attended as flower girl. Mrs. Urbain Plamondon, sister-in-law of the bride, was bridesmaid and she looked lovely in a floor length blue net over sheer dress.

The best man was Mr. Urbain Plamondon, brother of the bride.

Another lovely wedding took place on the same day when Barbara Gagnon, eldest daughter of Mr. and Mrs. Clifford Gagnon of Plamondon exchanged vows with Donald Plamondon, son of Mr. and Mrs. Edward Plamondon.

The bride entered the church on her father's arm and she looked lovely in her floor length satin dress. Her finger tip veil was held up by a lovely wreath of ice box roses.

Miss Shirley Gagnon, sister of the bride, was bridesmaid and she looked lovely in a floor length pink satin dress. Miss Dolores Plamondon niece of the groom, was flower girl.

Mr. Albin Plamondon, brother of the groom, was best man.

A lovely reception was held at the home of Mr. and Mrs. Edward Plamondon and at night a dance was given in the Plamondon Community hall. A great number attended and the music was supplied by the Plamondon Rangers. Outside visitors were Mr. and Mrs. Frank Roscovich of Foothills and Mr. and Mrs. Scott of Edmonton.

Oil Shipments

Oil shipments by tanker and barge are being speeded up by radar. On barge operations particularly, radar helps prevent propeller damage by warning against the approach of heavy driftwood and sand bars. Barges also use ship-to-shore telephones to keep oil storage terminals advised of expected arrival time.

Fails To Show For Ball Tournament

McRAE. — A large crowd gathered at McRae ball ground to witness a game between Briereville and Spedden Sunday afternoon, but Spedden cancelled this game in favor of a tournament at Cork.

We regret the circumstances that caused the Spedden manager to make this decision but we feel that in view of the wide publicity and advertising we gave to this match, some consideration was due the spectators who travelled quite long distances to enjoy the game. This is the second time that we have attended grounds where Spedden was to play and they business hurts attendance greatly and on behalf of the committee at McRae we wish to apologize to all who attended our grounds, we had the written promise of the Speden manager and the verbal request of the Briereville manager for this game at McRae.

The death of one of the children of a Briereville player and funeral arrangements is the reason both teams cancelled their commitments for todays game.

A nine inning game was played by a pick-up team made up of the McRae players and members of other teams who came to see the game. Bateries Martin and Gogenchuk and Ken Littlechild with Erasmus catching for the home team.

Arrangements have been made to attend a game at the Beaver Sunday next, McRae will take pot luck with any aggregation that will give them a game there.

Players are urged to dust off their uniforms for a practise every Tuesday evening at 7 p.m.

Viscount Alexander is the 17th Governor-General of Canada since Confederation.

Meetings Planned For Hospital

Public meetings will be held at the following points for the discussion of the formation of a Municipal Hospital District. H. Lo-bay, MLA, will speak:

Venice School, June 19, 8 p.m.; Caslan School, June 21, 8 p.m.; Blue Jay School, June 22, 8 p.m.; Hylo School, June 23, 8 p.m.; Wandering River School, June 25, 3 p.m.; Craigend School, June 25, 8 p.m.; Briereville School, June 27, 8 p.m.; Normandeau (Irene School), June 28, 8 p.m.; Plamondon School, June 29, 8 p.m.

Dollar a day hospitalization,

formation of a municipality, decisions that will affect taxes, and other matters will be discussed. All are requested to attend the the meetings in their respective districts.

Social Security

Payment for social security measures such as baby bonuses, unemployment insurance, etc., are expected to cost Canadian taxpayers about half a billion dollars in the present fiscal year. This sum will exceed by \$22,000,000 the total of all Dominion government expenditures for the fiscal year ended in March, 1935.
